

Reduce the cost of attendance for a CALS student

---

**Become a CALS Graduation Guardian**

---

**40%** of CALS students graduate with student loan debt.

---

UF College of Agricultural and Life Sciences (CALS) **Graduation Guardians** help students immediately prepare for the workforce without the burden of debt, and encourage at-risk students to complete their degree.

**UF CALS students graduated with an average of \$18,389 in debt in 2016-2017.**

A pledge of \$5,000 per year for four years  
will support one student's cost of attendance.  
Likewise, a gift of \$5,000 per year for two years would  
reduce the cost of attendance for one transfer student.

**Help relieve student debt. Become a CALS Graduation Guardian today.**
